

What is Man to Man?

The American Cancer Society's Man to Man program helps men and their families cope with prostate cancer. Man to Man provides a comfortable setting among peers for discussion, education, and support through the recovery process.

What Does Man to Man Offer?

- **Group Education and Support**
Man to Man is a forum for men to learn about prostate cancer diagnosis and treatment options – as well as coping and everyday living – through interactive presentations and materials. Specialists in various fields related to prostate cancer share information on medical topics and quality of life issues. A comfortable and confidential meeting environment encourages men and their families to discuss their concerns openly and honestly and to share solutions to common problems. Support groups for spouses are also available in many areas. No medical advice is offered.

- **Personal Visits and Telephone Support**

One-on-one patient support from specially trained prostate cancer survivors.

- **Man to Man Newsletter**

News and information about prostate cancer, including research and treatment, messages from men living with prostate cancer, and Man to Man activities.

- **www.cancer.org**

Designed to create awareness of prostate cancer issues, provide answers, and offer links to more specific information about detection, treatment, and coping.

- **Public Awareness Activities**

Promoting greater public understanding of prostate cancer, particularly the importance of early detection and treatment.

Our Mission

The American Cancer Society is the nationwide community-based voluntary health organization dedicated to eliminating cancer as a major health problem by preventing cancer, saving lives, and diminishing suffering from cancer, through research, education, advocacy, and service.

No matter who you are, we can help. Contact us anytime, day or night, for information and support.

Contact your local American Cancer Society about Man to Man services available in your area. There is never a charge for participation.
